

The ICDDA (Industrial Cooperation Days in Defense and Aerospace) was held on 14-16 October, 2014 at the Congress Center of the Ankara Chamber of Commerce. The organization, held for the second time, brought together key figures in the global defense and aviation industry with Turkish companies. Various seminars and conferences focusing on aviation, defense and offsetting, were held during the ICDDA, which also hosted bilateral discussions and workshops on purchasing processes and supply chain policies.

Representing Yüksel Kompozit at the event were General Manager Çetin Akyürek, Business Development and Programs Director Emin Selçuk Ardıç and Business Development Officer Merve Tabakçı. The organization offered company executives the opportunity to meet with potential.
